## BASIC-ABSTRACT:

Cosmetic kits comprise (i) a portable holder; (ii) a primary container in (i),  
contg. a cosmetic base cream and/or base lotion; (iii) at least one sec.  
container in (i) and contg. a cosmetically acceptable additive (I); and (iv) a  
set of instructions for mixing (I) with the base cream and/or lotion.

(I) is an acid or alkaline pH regulator, a moisturiser, a sunscreen or a  
nutritive ingredient. Pref. holder (i) has a base, an openable closure for the  
base, a mixing receptacle, a measuring device and the containers, all of which  
can be removed from the base.

USE/ADVANTAGE - The kit is simple and uncomplicated to use, yet allows an  
individual to formulate specifically for his skin and the conditions

CHOSEN-DRAWING: Dwg.0/8
